

ONEWHITE

Detergent Colors | OBA

Legacy of Colors - Since 1978

Krishna Industries offers variety of Optical Brightening Agents (OBA) and Colorants for Home and Personal care Industries. As a single organization, we offer you an enhanced product portfolio, broader geographic reach, and local, reliable support.

Enhanced Product Portfolio: You can rely on us for **dyestuffs, optical brighteners, pigments** and **its dispersions**. Whether you produce soaps, detergents, gels, cakes, liquid cleaners or any powder based product we give color and whiteness to all you do.

Techno-commercial Sales: Our talented sales and technical teams stay close to our customers and are available for support and consultation when needed. We know that timely, expert help is every bit as important as consistent, high-quality products. Our aim is to provide both on an ongoing basis. Contact us at sales@krishnadyes.net

Our Group Activity: Krishna serves the paper, inks, coatings, leather, textile, pharmaceutical, food, plastics, wood, detergent and cosmetics industries worldwide. We look forward to discussing your coloration needs in your specific market.
